

FEUD CASES GO OVER TO OCT. 4

Knox County Murder Charges Sent Here on Change of Venue—Not Ready For Trial

Jack Gilbert and Cabe Lewis, Knox county youths who are charged with the killing of a man named Lee in a feud fight, will not be tried at the present term of circuit court here. At a special session of court held Monday, to pass on these cases, by agreement these cases were continued until the fourth day of October. Neither side was said to be ready for trial at this term of court here, as a great many witnesses in this case will have to appear at the trial of John Bailey at Mt. Vernon for killing one of the Whites the other day.

The Gilbert and Lewis cases were sent to Madison county for trial because of intense feud feeling in Knox county at present between the Bailey and White families and their kindreds. A letter received by a Richmond man from a relative at Barbourville this week, said that it was understood there that the Baileys had declared they would shoot Jack Gilbert on sight, whether he was in church, court, or jail. Both Gilbert and Lewis are out on \$10,000 bail. They are represented by Capt. B. B. Golden, of Barbourville, while Attorney Jarvis was here Monday representing the Commonwealth.

No other matters were taken up in the Madison circuit court Monday as it was County Court day and Judge Shackelford did not desire to empanel his jury and take the farmers away from their usual court day trading and other business in town.

WILL LOCATE HERE AS A CONTRACTOR

The Jessamine Journal last week had the following about a prominent young man who is a nephew of Miss Belle March, of this city, and which will be of interest here:

John March Land, the son of Mrs. Susie Land, of Nicholasville, is a senior in the College of Engineering at the University of Kentucky. He was a member of the Strollers cast last year and accompanied it on this trip this year as a page in the "Admirable Critchton." In "The Amazons," which was played by the Philanthropic Literary Society April 12, he appeared in a stellar role as the humorous character of Lord Tweenways. Mr. Land will go with the Senior Engineers on their annual trip to Chicago to investigate the telephone and water system and the stock yards. He will be gone a week and expects to stop on his way back to visit in Mattoon, Ill. He has recently started his thesis work which deals with a central heating and lighting plant to be placed on the campus of the University. He is a member of the American Association of Engineers and also of the American Association of Civil Engineers. Mr. Land was prominent in the Threlkeld Select School in Nicholasville, where he graduated before entering the University, as a member of all the athletic teams. Upon his graduation from the University he intends going to Richmond, Ky., as a contractor.

ELWOOD HAMILTON SENDS RESIGNATION

(By Associated Press) Louisville, May 3.—Elwood Hamilton, collector of Internal Revenue for Kentucky, today forwarded his resignation to the Secretary of the Treasury Mellon. Hamilton made public a letter from Mellon requesting his resignation. Hamilton's letter in reply regarded it as the exigencies of politics.

Ohio Wants to Stop Racing

(By Associated Press) Cleveland, O., May 3.—Fifty armed deputies left here today to stop gambling on horse races at Chagrin Falls, where the racing season opens today. Track officials say the Paris-Mutuel betting is within the law and will be continued.

CITIZENS BANK A THING OF BEAUTY

New Home Formally Opened and Occupied Saturday—Complete Every Way

With the handsomest banking home in this section of the state the Citizens National Bank moved back to its old quarters but its new home Saturday.

Cashier J. W. Crooke and his very capable force of assistants were kept busy all day receiving their friends and congratulations upon the most attractive, commodious and convenient new home that houses this fine old financial institution. Architect Webber did a good job and the contractors who carried out his ideas left little else to be done to add to its comfort or convenience.

The building is finished with columnar effect, with especially effective lights from above, gently shaded by colored glass windows. The furnishings are in mahogany and marble, with every modern appliance and the latest in banking furniture. There is a special mezzanine room for the ladies, above; with a directors' room in the rear, private rooms for deposit box holders. The vault is a thing of beauty and safety in that line, being built massively of concrete and steel with every modern safeguard against burglars. In fact, it is said to be absolutely burglar proof. Inside it is ample commodious. The flooring is all in tile, the building is steam-heated and equipped and finished with every modern convenience. It is an ideal banking home, of stately and dignified appearance from without and of exquisite taste and finish within.

On opening day, flowers were placed about in profusion and made the occasion a notable one in the history of this popular local institution.

SPURLOCK GIVES UP TO OFFICERS

Man Who Killed Finis Lovett at Bobtown Surrenders—May Be Tried This Court

Claude Spurlock who shot Finis Lovett to death at Bobtown a couple of weeks ago, came in and surrendered to County Judge W. K. Price Tuesday morning. Judge Price released him upon \$500 bond furnished by Lige and C. T. Spurlock and Tank Webb, of the Bobtown section.

The charge against Spurlock will be considered by the present grand jury. He has been out of the county since the killing of Lovett, it is said. Officers were told that he had returned to his old home in Clay county. Spurlock is a young man, apparently about 30 years of age. Just what his defense will be, has not been learned. It is expected that he will be indicted at once, and the trial held at the present term of court.

MADISON BOY IS KILLED IN ILLINOIS

Mr. and Mrs. J. J. Hale, of the Speedwell section, received the tragic news Monday of the terrible fate of their son, John Hale, who was instantly killed by being struck by a runaway team at Bourbon, Ill., where he made his home. Mr. Hale and daughter, Miss Mattie, left on an early train Tuesday morning to accompany the remains to Richmond for burial. Funeral arrangements will be announced later.

ALLIES WON'T ACT UNLESS WE APPROVE

(By Associated Press) London, May 3.—The Allied Supreme Council today decided to take no naval action against Germany without consulting the United States. This was agreed to after full discussion with the French and British admirals.

The council approved measures for occupation of the Ruhr valley if Germany refuses to comply with the Allied ultimatum. It was agreed Germany may issue bonds as a guarantee of the reparations, payments to run 37 years and bear interest at 5 per cent with 1 per cent for a sinking fund. In this way it is believed Germany will be made to pay to the utmost farthing, but yet preserve German industries. The amount of the reparations was fixed yesterday at \$32,142,000,000. Germany has nine days to accept or reject.

WINCHESTER HI DEFEATS MODEL

(By Jack Ryder, Jr.)

Winchester City Hi beat Model Hi by an overwhelming score of 15 to 4 on the local diamond Saturday. Adams pitched good ball, but received ragged support, thirteen errors being made by Model. The Model boys show a lack of practice and working. John Jayne made several costly errors at third base and W. Crutcher pulled a bone-head play in the sixth which gave Winchester three runs, although his hitting was a feature of the game. Better luck is hoped for next time.

WINDOW SHOWS THE ANNUNCIATION

Beautiful Memorial In New First Presbyterian Church Given By F. W. Henderson

No more beautiful memorial could have been placed in the new Presbyterian church, so soon to be dedicated, than the large window over the main entrance, the gift of Mr. F. W. Henderson, of Brady, Texas, in memory of his wife, Margaret Miller Henderson, youngest sister, of Mrs. Robert Miller, and of Miss Mary Belle Miller, and Mrs. Lucie Miller Wooten, of Winchester, Ky. The subject is the Annunciation of the Nativity of Christ by the Angel of the Lord to the Shepherds keeping watch over their flocks by night. "And lo, the Angel of the Lord came upon them and the Glory of the Lord shown round about them, and sore afraid; and the Angel said unto them, 'Fear not, for behold I bring you tidings of great joy, which shall be to all people.' For unto you is born this day in the City of David a Saviour, which is Christ the Lord."

The Star of Bethlehem shines over the scene and cast its golden rays on the upturned faces and richly colored robes of the Shepherds. The flocks huddled together in sleep, guarded by the faithful shepherd dog, the City of David dimly seen in the distance, the larger and wondering faces of the Shepherds are clearly revealed by the radiant presence of the Angel of the Lord who with outstretched wings stands over all ready to join with the multitude of the heavenly host, praising God, saying Glory to God in the highest, on earth peace and good will to men.

This inspiring subject has been skillfully executed by the Louisville Art Glass Company, the painting is the work of J. B. Alberts well known portrait painter of Louisville, and the church at Richmond is certainly to be congratulated on possessing a window so exquisite and artistic.

ROOSTERS SHOULD GO AFTER MAY 23

(By Associated Press)

Lexington, Ky., May 3.—Mr. Rooster has had the "death or imprisonment" sentence passed upon him.

His fate today was settled by the poultry department of the College of Agriculture here which issued a proclamation calling upon poultry raisers to either lock up their roosters or send them to the frying pan or stew kettle during the week of May 23 to 28. The week was designated as "Rooster Week."

Mr. Rooster, according to the poultry authorities, is a useless appendage of the barnyard after the middle of May, in spite of his substituting for the alarm clock in the "wee sma' hours." For, they say, it is he that causes summer eggs to spoil so quickly.

"We have decided" said J. H. Bardsley, poultry expansion specialist, "that the hen can't be blamed if the egg is bad. 'It was ended. The rooster is the guilty bird and his penalty must be the block, market house or the coop."

As a result of the investigation of the specialists, it was decided to conduct an extensive campaign during the week of May 23-28 to show farmers the need of putting male birds where they will not be in contact for the hens.

It has been shown, it was stated, that it is an unprofitable practice to hatch chicks after June 1, and therefore fertile eggs are not needed.

"Fertile eggs may be unfit for food after 24 hours in warm weather," said Mr. Bardsley.

"While an infertile egg may be placed in an incubator at 103 degrees and left for fourteen days after which it is still suitable for food. Fertile eggs spoil rapidly in the summer months even though they are not placed in an incubator or under a hen. Warm weather will cause chick development in the egg as rapidly as either of these two conditions."

ANOTHER STRONG CHARGE TO JURY

Judge Shackelford Tells Grand Jury Members to Keep Hunting for Violators

With another strong charge to the grand jury on matters especially connected with the illegal sale of liquor, Judge W. R. Shackelford began the May term of the Madison circuit court on Tuesday morning. The members of the grand jury are:

Z. T. Rice, foreman, Dave Cobb, Richard Dunn, Geo. M. Moody, J. S. Crutcher, Shirley Cotton, H. W. Noland, Vernon L. Eades, Marshall Brock, Taylor Parker, Wm. McCord and Paul Burnam. (Continued on page 5)

HARDING URGES ECONOMY IN CABINET

(By Associated Press)

Washington, May 3.—President Harding in identical letters to his Cabinet members today, launched a drive against "a dangerous tendency" of government departments to live beyond Congressional appropriations. He said the deficiency appropriations already totaled two hundred and sixteen million dollars and that "there is estimated the deficiencies will run much beyond that sum." He asserted he is sure there can be no firm basis for economy until the departments live within the congressional appropriations.

WOUNDED MAN IN HOSPITAL HERE

Gun Battle at West Irvine Results of Death of One and Badly Wounding of One

Thomas Hutchinson, who was shot at West Irvine Monday, by Hiram Hardy, was brought to the Gibson hospital here where he is in a very serious condition. Drs. Gibson and Williams spent several hours Monday afternoon endeavoring to save his life. His bowels are said to be perforated a number of times, and the chances are said to be all against him.

The Lexington Herald had the following account of the shooting affray in which he was so badly injured:

Irvine, Ky., May 3.—Thomas Hutchinson was shot and mortally wounded by Hiram Hardy, and as he fell to the ground dying Hutchinson turned his gun on Hardy and shot and instantly killed Nellie Hardy, sister of Henry Hardy, at the Hardy home in West Irvine Monday.

Hutchinson and Hardy had words Sunday night resulting from a charge made by Hutchinson that Hardy had circulated false reports about a young woman with whom Hutchinson was keeping company.

Monday morning Hutchinson went to the field where Hardy was at work and the quarrel was renewed. Hutchinson, according to Hardy, reached for his gun and Hardy said: "You are armed and I am not."

"Well, get your gun," Hardy says Hutchinson suggested.

Hardy went into the house and Hutchinson is said to have followed him into the yard. Hardy went out on the porch of his home with a shot gun and his sister followed him with the baby girl of a neighbor in her arms.

When Hardy went out on the porch he charges that Hutchinson reached again for his gun and Hardy fired, the bulk of the bad taking effect in Hutchinson's abdomen. Hutchinson fell to the ground and, drawing his gun, fired twice. One bullet pierced the temple of Miss Hardy and she fell dead, the baby rolling from her arms. Hutchinson died before Hardy reached him. Hutchinson was a cousin of the Hardys.

LEEDS ANNOUNCES FOR CITY COUNCIL

The Daily Register is authorized to announce W. L. Leeds as a candidate for the City Council, subject to the democratic primary on August 6th, 1921. Mr. Leeds has had much experience in councilmanic affairs. He served for four years as a member of the Board of Council and has always taken a keen interest in good government for the city. He is a prominent and well-known business man and pledges his best efforts to care for the interests of the taxpayers, if given the nomination and election.

Now Blue Sky Law Will Stop 'Em

Frankfort, Ky., May 2.—No corporation which has not begun proposed business operations in the State can sell unsecured commercial paper, according to an opinion handed to James P. Lewis, State banking commissioner, by Assistant Attorney General MacGregor, and made public by the commissioner. The opinion was rendered in the case of the Mutual Oil and Development Co. which sought to sell five-year notes after Commissioner Lewis, acting under the blue sky law has forbidden the company selling any more of its stock in the state until certain steps had been taken.

Lovable Teachers

E. J. Tobin, Illinois school official who has charge of hiring 2,000 teachers every year, prefers pretty, attractive girls, even though they do marry early and force him to find new teachers. He explains matters thus:

"Every good-looking, intelligent girl who teaches a while and gets married makes a wonderful contribution to the educational system. They put pep and zest into the routine."

"I don't want teachers who are love-proof. Their ability to fall in love and out of love occasionally makes them suited to teach because it shows that they are young, red-blooded human beings."

This theory is a long way from the ancient conception of the "schoolm'am" as a severe, tight-lipped person, plain of dress and feature and doomed to be the eternal symbol of spinsterhood. But Mr. Tobin knows whereof he

speaks.

Actual beauty of feature is not an essential to successful teaching. Experience proves the contrary. But the loving and lovable quality is. The ability to put joy and enthusiasm and warmth of human relations into life, and to get them out of it, is essential to the highest performance of any task.

If an effective outward personality is added to these unseen qualifications, the combination is unbeatable and even temporary association with it is rightly deemed a privilege.

"My Old Kentucky Home"

Every Kentuckian should be glad of a chance to contribute to the fund to purchase "Federal Hill," the old Rowan homestead near Bardonia, where Stephen Foster wrote "My Old Kentucky Home," as a memorial to the author of the most appealing state song ever written. Tardy recognition has been given the composer, and the movement to buy "Federal Hill" and make it a Kentucky shrine is a most worthy one. The Foster masterpiece was a work of inspiration. It shares with "Dixie" the honor of international fame. It is on the programs of the celebrated European orchestras, and it is in the repertoire of every great singer. Nothing has made the world better acquainted with the grand old commonwealth, and now that the opportunity is to be presented for Kentuckians to pay tribute to the memory of Stephen Foster the response should be prompt and generous.

We shall be glad to receive checks from those who desire to contribute. Checks will be duly acknowledged in this paper and forwarded to the commissioners having the purchase in charge. Checks should be made payable to the "Old Kentucky Home Commission." — Hopkinsville New Era.

TRANSYLVANIA WON'T PLAY NORMAL NINE

Coach Jim Park of the Transylvania University base ball team, wired Coach George Hembree that his nine will not be able to come here for a game against the Normal team Wednesday. The faculty at Transylvania voted against the team coming here. Mr. Park said, but no other reason was given. So there will be no game for the Normal bunch here until they return from their Tennessee trip on which they leave Thursday morning. They expect to be gone for several days. And teams they buck up against are going to know they have been to a battle before these lads get through with them.

Suggestion for Camping Trip

Buy a bottle of Chamberlain's Colic and Diarrhoea Remedy before leaving home. As a rule it cannot be obtained when on a hunting, fishing or prospecting trip. Neither can it be obtained while on board the cars or steamships and at such times and places it is most likely to be needed. The safe way is to have it with you.

Mr. and Mrs. Sam Amster and family, Mr. and Mrs. Wylie and Miss Matilde Wilson had a delightful trip to Blue Lick on Sunday. They saw the homes of the prehistoric animals.

MADISON HI WINS SECOND IN DEBATE

Young Speakers From Richmond Make Fine Showing Against Older Opponents

The Madison high school debating team consisting of Miss Edna Mullinix, as captain, Harold Gabby, and Lafon Wilson went to Lexington Monday to appear in the Central Kentucky District Debating Tournament. The first team against which they were matched was the team representing the strong Paris high school. The Paris team had been carefully coached. They were very ready in their argument and quick in rebuttal, but when the decision of the judges was handed in, Madison had won. The judges made the comment that the presentation of the argument by the Madison team was much superior to Paris in not only form but in weight also. Paris had previously defeated Cynthiana which gives Madison credit for a victory over the delegation from Harrison county.

In the second preliminary, Madison was matched against the Lexington Senior high school who came fresh from the forum having been in no debate during the day up to that time. The Madison team entered this debate somewhat physically fatigued. However, they really made a better showing than they did in the first debate of the afternoon. They worked hard against superior odds but the onslaughts of the Lexington rebuttals finally told the tale. The Lexington High team is composed of three seniors in the Senior High School, while the Madison team is composed of one freshman and two juniors. The maturity of mind and the quickness in rejoinder had telling effect. Even at that, the judges announced that the regular speeches of the Madison team were superior to those of Lexington.

The same judges served in all debates. They were very lavish in their praises of Madison. After having heard all teams they rated the Madison High School as the second strongest in Central Kentucky. An English teacher at the University of Kentucky said that he thought Miss Edna Mullinix the best girl debater he had ever heard. All the judges united in saying that Lafon Wilson was a coming debater of first rank and that Harold Gabby made a remarkable showing for one so young.

Supt. J. H. Payne says that the tournament was conducted with fairness to all. The decisions were absolutely according to merits and that Madison has no alibi to offer.

LEAGUE GAME IS POSTPONED AGAIN

Owing to the rain of Monday afternoon, the base ball field at the Normal School was completely unfit for a game Tuesday afternoon, so that the Church League game schedule between the Methodists and Second Christians had to be postponed again. President Deatherage said that he hoped to have this game played on Thursday, if the weather is propitious and the grounds can be gotten in shape by that time. He also postponed the called meeting of the league directors from Tuesday to Thursday morning.

In these times YOU cannot afford to be forgotten

THERE never was a better time to advertise than right now. The buying power of any average family has increased since last year—everybody is earning more money.

Buying Liberty Bonds, War Savings Stamps, and paying war taxes is a stimulus and a benefit to honest business.

Advertising in America has been the call to action in recruiting and bond buying and Red Cross subscriptions.

Advertising stirs people into more rapid action.

You have seen the successes of advertising campaigns for government projects, you have seen the success of advertising in building up big businesses.

Are you using enough advertising to accomplish what you most desire to accomplish for YOUR business?

The best time to advertise is when prices are high. Are you waiting for a better time than NOW to advertise?

Eliminate advertising and you reduce buying to its barest bread and butter basis.

Advertising makes buying; without it you must SELL.

It's hard to think of a business or a commodity that isn't advertised nowadays.

The big idea is how to get the most returns for every advertising dollar spent.

The modern advertising expert is not a literary genius nor a spell-binding solicitor.

He is student.

He is busy investigating Mr. Average Consumer; his needs, his habits, his tastes and his ability to buy.

Consult with one of the recognized and accredited Advertising Agencies named below. Allow one of them to submit an outline of the service they are prepared to render. You may be assured that an invitation to call will be appreciated and that no obligation whatsoever will be incurred.

Democrats to Hold Precinct
Meetings Saturday, May 7, to
Name Party Authority

The Democratic County Committee of Madison county—the governing authority of the party here—will be reorganized at precinct meetings next Saturday. County Chairman R. B. Terrill has issued a call for a meeting of voters at the various 39 polling places in the county at 2 o'clock in the afternoon for the purpose of electing a man and a woman precinct committeeman.

This is the first time that women will have had opportunity to participate in the governing affairs of the party. The State Chairman decided that it was but fair and just to give them equal representation with men on the party's committees and for this reason a woman committee member as well as a man member will be chosen in each precinct Saturday.

The voters are expected to be at their polling place at 2 o'clock. Proper credential papers can be secured from Mr. Terrill, showing the election of committeemen. Mr. Terrill's official call for the precinct meetings is as follows:

Notice To Democrats

Pursuant to a resolution adopted by the Democratic State Executive Committee, under the party law, precinct conventions are hereby called to be held at the voting places at each of the 39 precincts of Madison county at 2 o'clock p. m., Saturday, May 7, 1921, at which time election is to be held of both a woman and a man precinct committeeman, to represent the Democratic party for the next four years, on the Madison County Democratic Committee. R. B. TERRILL, Chairman Dem. County Com.

**Beautiful Tribute To
Former Richmond Girl**

Many friends here of the late Dr. J. Addison Smith, a former pastor of the First Presbyterian church, will regret to learn of the death of his youngest daughter, Mrs. Charles Holland, formerly Miss Rhoda Smith, of Murfreesboro, Tenn., who was beloved by a host of friends in Richmond. The following tribute appeared in a Murfreesboro paper:

On Thursday, March 10, in the chapel of Tennessee College, a memorial service was held as a tribute to Mrs. Charles Dean Holland, formerly Miss Rhoda Smith, of Murfreesboro.

President Burnett spoke very beautifully of the influence, exerted by Mrs. Holland while a student for four years at Tennessee College, and of her representing the type of womanhood that is the ideal of all college aims.

Miss Dutton paid a very rare and beautiful tribute to Mrs. Holland. She emphasized the meaning of Alma Mater—Foster Mother—by showing the close and very real relationship between the institution and the young women who go from it. As the Foster Mother shelters the life of her daughter, enters into her joys and sorrows and makes them her own, so the Alma Mater share whatever may come into the life of its daughters with understanding and sympathy.

Miss Inlow, president of the Alumnae, spoke of the constructive work done by Mrs. Holland in that organization, and of her great ambition for the growth of its proposed plans.

Mr. Faithful prayed a beautiful and comforting prayer.

The faculty of Tennessee College met in the afternoon and offered fitting resolutions.

Declares Lydia E. Pinkham's Vegetable Compound to Be the Best Medicine for Girls and Women

Hamilton, Ohio.—"I had such awful pains in my back I could hardly stand on my feet and I was never without a headache. If I walked up town I thought I would drop and many a time I felt so bad I had to go to bed and I was not able to do much of my housework. I would have hemorrhages every two weeks and dragging down pains. I had been feeling badly for three years and had two of the best doctors in the city, but I kept getting worse and only weighed 125 pounds. I saw your advertisement and I took eight boxes of Lydia E. Pinkham's Vegetable Compound Tablets, four bottles Lydia E. Pinkham's Blood-Medicine and your Liver Pills and noticed an improvement right away. Now I weigh 133 pounds and feel fine. Everybody tells me how well I look and asks me what I took and I always say, 'Lydia E. Pinkham's Vegetable Compound, the best medicine in the world for any sickness to which girls and women are subject.' I will always have a good word for your medicine and you may use my name whenever you wish."

THOSE new blouses that dispose of the waistline by dispensing with a belt and covering it themselves, are having an immense success. There is no longer any danger of skirt and blouse parting company under a separate belt, and going their separate ways. This in itself is enough to insure the triumph of these new over-blouses, but it is furthered also by their gracefulness. A vague waistline like an uneven hemline is more pleasing to the eye than a straight line. In these new over-blouses are all sorts of materials for all kinds of service beginning with wash silks, pongee and cotton, for utility wear, and ending with georgette, net and laces for dress. All the usual materials are used in them, but they are prettiest in the very soft, sheer fabrics, as fine voile and georgette. A model made of georgette in two colors is shown at the left of the most graceful and beautiful that the designers have accomplished in this much admired material. It is one of many slip-on blouses that fasten on the shoulder, and has its collar, cuffs and border for the apron-eye of georgette in a contrasting color. A very simple pattern in heading finishes a design that has few rivals in beauty of line, color and becomingness. A semi-dress blouse of tulle silk is shown at the right. The tulle is tucked in cross-box pattern to form the lower part of the blouse, at the front and the odd embellishment of the three-quarter length sleeves. A short sash of tulle extends from each side and ties in a small bow at the back. Each square, formed by the crossing tucks, is centered with a long bead, and this model is very pretty in dark colors with black beads. The plain square neck invites a collar of lace or organdy.

The undressing of the foot continues. Now women are wearing toe-caps and heel-caps. Cross straps run up from the toes to the ankle to meet the heel strap which fastens around the ankle. The best to be said for such shoes is that they use up little leather; but that does not make them cheap. The long, pointed shoes have a certain popularity, but most women still prefer the short-ramped shoe. It is now generally accepted that the leg should be clothed in a light or transparent stocking, and the shoe must be either black or in the same shade. Gray stockings with shoes in suede to match are greatly liked; mahogany stockings with kid shoes to match are newer.—London Times.

Lives to See the Prescription He Wrote in 1892 the Worlds Most Popular Laxative Remedy

DR. W. B. CALDWELL TODAY
Born Shelbyville, Mo., March 27, 1839
Began the manufacture of his famous
prescription in 1892

Founder of Dr. Caldwell's Syrup Pepsin, the largest selling liquid laxative in the world, long past Biblical old age, but hale and hearty—Still sees patients daily—Wonderful achievement of a "country doctor."

WHEN I started to practice medicine, back in 1875, there were no pills or tablets or salt waters for the relief of constipation, and no artificial remedies made from coal tar.

The prescription for constipation that I used early in my practice, and which I put in drug stores in 1892 under the name of Dr. Caldwell's Syrup Pepsin, is a liquid remedy, and I have never had reason to change it. I intended it for women, children and elderly people, and these need just such a mild, safe, gentle bowel stimulant as Syrup Pepsin.

I am gratified to say that under successful management my prescription has proven its worth and is now the largest selling liquid laxative in the world. The fact that over eight million bottles were sold by druggists last year proves that it has won the confidence of mothers whose chief interest is the health of their children.

It is particularly pleasing to me to know that the biggest half of those eight million bottles were bought by mothers for themselves and the children, though Syrup Pepsin is just as valuable for grownups. The price of a bottle holding 50 average treatments is sixty cents; such a bottle will last a family several months.

I have never made a secret of what is in Dr. Caldwell's Syrup Pepsin. It is a compound of Egyptian Senna and other simple laxative herbs with pepsin and pleasant-tasting aromatics. These ingredients are endorsed in the U. S.

Pharmacopoeia. I consider Syrup Pepsin today in the serious 52nd year of my age, as I did in 1892, the best remedy a family can have in the house for the safe relief of constipation and its accompanying ills, such as headaches, biliousness, flatulence, indigestion, loss of appetite and sleep, bad breath, dyspepsia, colds and fevers.

Millions of families are now never without Dr. Caldwell's Syrup Pepsin, and I believe if you will once start using it you will also always have a bottle handy for emergencies.

**TRY IT
FREE**

Send me your name and address and I will send you a free trial bottle of my Syrup Pepsin. Address me Dr. W. B. Caldwell, 513 Washington Street, Monticello, Illinois. Everybody now and then needs a laxative, and it is well to know the best. Write me today.

COUNTY SCHOOL HEADS MEET HERE

Superintendents From Eastern's
District to Discuss Work
For Several Days

Problems of the city and county schools of Kentucky will be discussed at a meeting here Wednesday of county and city school superintendents and heads of graded schools. The meeting will be held at the Eastern Kentucky State Normal School, which called the meeting. Superintendents from 65 counties in the Eastern Normal's section of the state will attend. The meeting will last through Friday.

Among the speakers will be Dr. T. J. Coates, president of Eastern Kentucky State Normal, and Geo. Colvin, State Superintendent of Public Instruction. President McVey, of the University of Kentucky, and Prof. McHenry Rhoads also will speak.

Dr. Coates will deliver the opening address Wednesday afternoon.

He will be followed by Supt. Oliver, of the Middlesboro city schools, who will speak on "Status of Attendance in Cities" and Mrs. M. L. Hall, superintendent of the Shelby county schools who will speak on "Attendance in the Counties." A round table discussion will follow. State Superintendent Colvin, Supt. J. H. Payne, of the Richmond city schools, and Supt. J. W. Selph, of Oldham county, will speak on the proposed constitutional amendment taking the State Superintendent out of the ranks of elective officers and providing a change in distribution of a part of the state school funds. Plans for organization work for the amendments will be discussed.

"For Every Kentucky Child a Competent and Contented Teacher," will be the subject of the morning session on Thursday. Mrs. Nannie J. Falconer, superintendent of the Fayette county schools, and J. W. Ireland, superintendent of the Frankfort city schools, will discuss "Teacher Preparation." Fonso Wright, superintendent of the Pike county schools, and W. J. Caplinger, superintendent of the Maysville city schools, will discuss "Certification." Miss Mary Bradley,

records give the number of prisoners as 165 in 1841, and 307 in 1856. Today there are 1,031 inmates.

Do Your Best

Everyone should do all he can to provide for his family and in order to do this he must keep his physical system in the best condition possible. No one can reasonably hope to do much when he is half sick a good share of the time. If you are constipated, bilious or troubled with indigestion get a package of Chamberlain's Tablets and follow the plain printed directions, and you will soon be feeling all right and able to do a day's work.

About Rheumatism
People are learning that it is only a waste of time and money to take medicine internally for chronic and muscular rheumatism and about ninety-nine out of a hundred cases are one or the other of these varieties. All that is really necessary to afford relief is to apply Chamberlain's Liniment freely. Try it. It costs but 35 cents per bottle. Large size 60 cents.

Mr. and Mrs. George Goodlett, of White Hall; Mrs. George Singer, Mr. and Mrs. T. Roberts and Mrs. James Lear were dinner guests of Mrs. H. K. Goodlett Sunday.

LOUISVILLE DANCE PARTY GETS ROUGH

Louisville, Ky., May 3—A hundred and fifty young men and women leaving a dance in the eastern part of the city shortly after midnight took possession of a street car and refused to pay fares and almost tore the car to pieces, according to a police report today. Shimmying and shouting, the crowd cut the bell register and trolley ropes, smashed windows and seats. The motorman finally stopped the car several blocks away and called the police, who merely told the conductor to put the crowd off. No arrests were made.

Most Factories Work 54 Hours

(By Associated Press)
Louisville, Ky., May 3—Nearly half of Kentucky factories operate more than 54 hours a week in normal times, according to a canvass of 262 plants in various parts of the state, just completed by the Kentucky Manufacturers' Association. The canvass showed 98 plants running more than 54 hours a week; 58 running over 50 and less than 54 hours; 40 running over 48 hours and less than 50 and 56 running 48 hours a week or less. The canvass resulted from the demands of commercial printers for a 44-hour week.

STRONG CHARGE TO JURY

(Continued from page 1)

Judge Shackelford particularly stressed the invasion of moonshiners and bootleggers from the south and east of Madison with their illicit liquor. He denounced any one who sells moonshine as a dangerous criminal and declared that he had as soon one would give his child a drink of carbolic acid as of moonshine whisky. He read the report of the special grand jury which investigated the liquor situation here at the February term of court, and urged the new grand jury to follow up every lead possible to ascertain who is engaging in this business. He commended the capture of two bootleggers at Mayde by the sheriff and then said that it was rather peculiar that the only two who were convicted of having liquor illegally at the last term of

court had escaped from the Madison county jail. He said that the grand jury ought to investigate this and see who is responsible for prisoners escaping, if anyone is. He said the county had a few years ago spent several thousand dollars fixing up the jail yet it seems that prisoners escape from it whenever they desire to leave. He said he wanted the investigation made so that he might determine whether the court ought to transfer prisoners convicted here to some other county for safekeeping if they cannot be kept in jail safely here. Judge Shackelford covered many other subjects in his charge particularly gambling in pool rooms, carrying of concealed weapons. He also touched upon the compulsory education law and urged the grand jury to see that it is being enforced.

AT THE MOVIES

Pauline Frederick, whose new picture "Madame X," a Goldwyn production comes to the local theatres Tuesday and Wednesday enacted most of her intense, emotional scenes in the famous drama to the accompaniment of soft lullabys played by the orchestra. Mother love is one of the strongest emotions developed in the drama, in fact it is a mother's love and longing for her son she has not seen since he was a baby that develops the action of the play to a point where the mysterious "Madame X" finds him in the young lawyer who is defending her in her trial for murder.

The imaginative powers of a sixteen year old boy's mind along with his worship of a fellow scholar are clearly shown in the Mary Rinchart story, "It's a Great Life," being made at the Goldwyn studios in Culver City, California, under the direction of E. Mason Hopper. It will be shown at the local theatres on Thursday. The Wop, played by Howard Ralston, was the willing slave of Stoddard III, played by Cullen Landis, his greatest trouble being Stoddard's favoritism for the girls. The Wop conceives the idea of an Empire with Stoddard reigning as King and himself as Prime Minister, but is unable to tempt his King.

Will Rogers, the popular cowboy actor, whose fancy roping stunts were a stellar attraction on the vaudeville stage before he entered moving pictures, has ac-

GOOD HEALTH HINTS

Oklahoma Farmer Gives Sound Advice on Avoiding Sickness.—Used Black-Draught 30 Years.

Cameron, Okla.—"I have used Theodor's Black-Draught for about thirty years, and certainly ought to know by this time what a good medicine it is," says Mr. T. L. Bostier, a well-known farmer of this place. Mr. Bostier has passed his three-score-and-tenth year, but declares his health still is good, "and," can say Black-Draught did its part.

"Where there is a lot of malaria, a liver medicine is a necessity, and I have never found one better than Black-Draught," continues the Oklahoman. "It is one that I know to be reliable. I sure use it for the liver, stomach, constipation, indigestion, and it has done me a world of good. We use it for the family, and it gives satisfaction."

"Most trouble, or sickness, comes from the liver, and it taken in time can be avoided. That is why I use Black-Draught as I do. I am much pleased with results obtained."

Theodor's Black-Draught is purely vegetable. It acts on the bowels, gently stimulating the liver, and helps increase the normal flow of bile into the intestines. It assists in the digestion of food, and relieves constipation in a prompt and natural way.

Ask your druggist for a package to day. Insist on Theodor's. NC-123

quired a new hobby, and it has nothing to do with twirling ropes. It happened when the star was making "Honest Hutch," a Goldwyn picture directed by Clarence Badger, which comes to the local theatres Friday.

LEGION NEWS

Veterans of the world war who are disabled by disease or wounds and by reason of such disability are either temporarily or permanently incapacitated from earning a living may be admitted to the ten national homes for disabled volunteers soldiers, according to national headquarters of the American Legion. Those seeking admission are not asked the cause of their disability; the homes will accept the victim of peace as well as the victim of war. The important consideration is the actual disability. Legion officials say. To obtain admission to the homes, a disabled ex-service man should either apply in person to branch home or should communicate with the governor of branch home. The soldiers' homes are located in the following states: Ohio, Wisconsin, Maine, Virginia, Kansas, California, Indiana, Illinois, Tennessee and South Dakota.

With the establishment of posts of the American Legion in 18 foreign countries, the ex-service men's organization is fast becoming a world power, according to reports received at national headquarters here. Although these posts are thousands of miles from national headquarters, the various activities are little different from those of the domestic posts. The headquarters of the American Post at Coblenz, Germany, have been established in a hotel. The post has grown from 15 to 60. Tokyo-Yokohama Post, in Japan, has increased from 40 to 85 members.

Not worried very much about the High Cost of Living, are they? And why should they be? Jack gets the same amount of meat, sugar or potatoes at present day prices as when they cost only one-third as much.

And the Cantains on board sell him candy, cigars, tooth powder, shaving soap, and all his other needs at cost, plus only ten per cent profit. This profit goes into an athletic and entertainment fund, furnishing him with movie films, athletic equipment, and other play time necessities, for nothing.

It's a hard life; that's the reason the fellows in the picture look so worried.

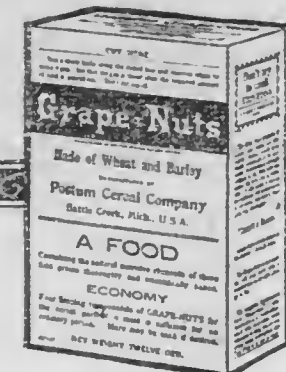

Some U. S. sailors are shown here making plain and fancy stovepipes at a Navy training school.

The gentle art of tin-smithing as taught in the U. S. Navy schools fits a man for a rating aboard a man of war. There his work is confined to his specialty and his ability should increase throughout his enlistment.

There is no excuse for a man not becoming an expert by the end of his third or fourth year. He may then return to civil life entirely qualified in a profitable trade or continue in the service at the advanced pay allowed for re-enlistments.

Besides the tin-smith school there are schools for every other trade used in the Navy. Carpenters, blacksmiths, plumbers, electricians, bakers, pharmacists, and a dozen other specialties are taught to the young recruits. If a young man has a hobby and wishes to perfect himself in some trade that he is fitted for, he may receive expert training by joining the Navy and applying for entrance to some trade school.

ROBBERS BLOW COAL CO. SAFE

Madisonville, Ky., May 3.—Robbers early today blew open the safe of the Hart Coal Corporation at the Victoria plant, two miles from here, and secured \$10,000 in Liberty bonds and \$225 in cash. They used the battery of the office telephone to discharge the explosive.

SCIENTISTS SAY ANIMALS HATE JAZZ

New York, May 3.—Human beings may like jazz, but animals do not.

This was the conclusion reached by a group of scientists who recently assembled in the Central Park zoo to test what saxophone and traps would do to the emotions of monkeys, lions, leopards, elephants and other jungle beasts.

A quintet of musicians guaranteed to rag anything from Wagner down was massed in front of the monkey cages for the first laboratory test to determine if the line "music hath charms to soothe the savage breast" was after all only poetic license.

According to a corps of unscientific reporters who journeyed to the zoo with scientists from Columbia University, American Museum of Natural History and New York Zoological Park, the monkeys registered all right—but of a rather savage kind.

Then the latest jazz was banged into the ears of lions and their mates. All hopped to their feet, with fur bristling.

As for Mrs. Murphy, hippopotamus, she merely wrecked the experiment by diving into her tank and shutting out the racket. The elephants seemed to tremble with rage.

Only one beast was found that apparently was able to endure, if not enjoy, jazz. That was Bagheeta, the leopardess. But when a hymn was played she started a six-day race around her cage, spitting sparks. The scientists, however, put a question mark after Bagheeta's test, for attention was called to the fact that at the moment a keeper whom she chose to relish only as a potential meal had just passed her cage.

Feud Fight In Letcher

(By Associated Press)

Whitesburg, Ky., May 3.—As a result of an old grudge at Leatherwood Creek between here and the Perry county border, Eli and Ed Shepherd, brothers, were riddled with bullets in a battle with neighbors, near the Shepherd home early today. Eli is dying and there is no hope for his brother.

Government Talks Strong

(By Associated Press)

Indianapolis, Ind., May 3.—A criminal partnership between the soft coal operators, miners and retailers has existed for many years, according to the charge of the government in its anti-trust prosecution which began in the federal court here today. The indictment is directed at 226 persons and corporations and is in five counts, each charging violation of the Sherman anti-trust law.

Oil Craze in South Dakota

(By Associated Press)

Pierre, S. D., May 3.—Western South Dakota is in the grip of an embryonic oil craze, the further development of which will depend upon the success or failure of a dozen or more "wild cat" wells now being drilled in various parts of the state, from the Missouri river to the Wyoming and Montana boundary lines.

SWEAR OFF TOBACCO

"No-To-Bac" has helped thousands to break the costly, nerve-shattering tobacco habit. Whenever you have a longing for a cigarette, cigar, pipe, or for a chew, just place a harmless No-To-Bac tablet in your mouth instead, to help relieve that awful desire. Shortly the habit may be completely broken, and you are better off mentally, physically, financially. It's so easy, so simple. Get a box of No-To-Bac and if it doesn't relieve you from all craving for tobacco in any form, your druggist will refund your money without question.

Join the "Invisible" Guest Club

Have you a hospitable home? Do you entertain your friends? What does it cost you for an evening's entertainment? Will you entertain an "Invisible" Guest at your table and become a member of the "Invisible" Guest Club of America? It will cost you only Ten Dollars.

There are 3,500,000 undernourished, debilitated waifs and orphaned children in Eastern and Central Europe, whose lives must be preserved by American generosity and hospitality.

A Certificate of Membership in the "Invisible" Guest Club of America will be sent to you, signed by Herbert Hoover and Franklin K. Lane, National Chairman and Treasurer; also signed by the State Chairman of Kentucky.

If you will send your check for Ten Dollars, or more, to the European Relief Council, Richard Bean, Treasurer, Board of Trade Building, Louisville, Kentucky, or deposit this amount to his credit in any bank in Kentucky, you will receive an "Invisible" Guest Certificate by return mail.

Will you not join this "Invisible" Guest Club today?

AFTER a baking falls—
it becomes tough or soggy,
you can't make it tender and
tempting. It can't be "fixed."
It is like spilled milk—
"wasted."

But, there is a way to prevent this waste—every woman should use it—because a bake day loss these days is a real loss.

Calumet Baking Powder positively prevents failure. It has been doing it for millions of housewives for a third of a century.

CALUMET
BAKING POWDER
Makes most palatable and sweetest of foods

The biggest selling Baking Powder in the world. Produced in the largest, most modern, sanitary Baking Powder Factories.

Possesses only such ingredients as have been officially approved by U. S. Food Authorities.

Most economical in cost and use. You save when you buy it. You save when you use it.

The body needs gluten. Be sure you get it. Use only plain wheat flour and pure baking powder. Mix them your self. No ready prepared substitute or mixture (self-rising flour) will answer the purpose.

Calumet Jelly
Roll
Recipe
—3 eggs beaten separately, 1 cup sugar, 1 1/2 cups pastry flour, 2 level tea-spoons Calumet Baking Powder, 1/2 cup warm water—flavor. Then mix in the regular way.

State Supervision and Federal Reserve Membership

Twenty-five years ago the State Bank & Trust Company was established under rigid State laws with a view to affording to Richmond & Madison County a bank that would always assure the greatest banking SAFETY which it is possible to provide.

In addition to State Supervision it also benefits by FEDERAL SUPERVISION in connection with the Federal Reserve System of which it is a member.

Thus our years of experience, Capital and Surplus of \$200,000.00 and sound management under both State and Federal Supervision, all contribute to the protection of our depositors' funds.
